H13 Super Melt

VALUE ADDED OPTIONS

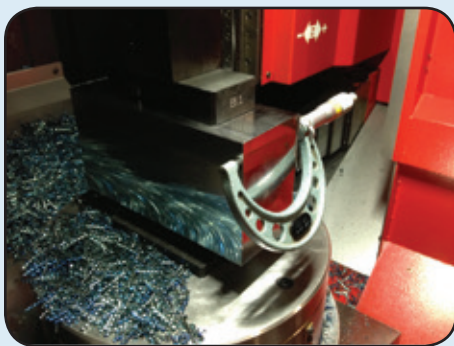

Waterjet Machining

Utilize one of our new high precision waterjet machining centers and extensive saw cutting capabilities for production of custom machined orders. Provide us with a CAD file. Our highly skilled technicians will accurately produce the job to your specifications, whether one piece or multiple pieces.

Heat Treating

Your order can be heat treated to specific requirements.

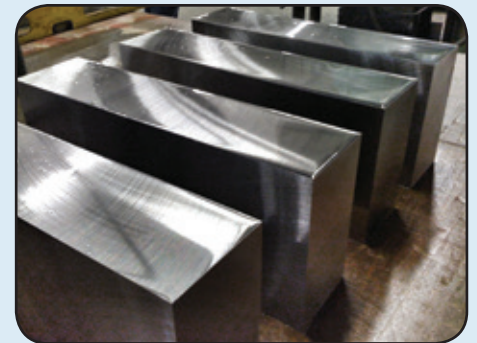

Precision Square Block Milling

LSI can custom mill your order to exacting tolerances on 2, 4, or 6 sides.

In-House Sawing

In-House Blanchard Grinding

We can custom grind your order to tight tolerances and certain RMS finishes.
